

EHS Procedure QuickCard

FC-GL-EHS-MAN-0501: Risk Management

Key Changes

- Replaces and supersedes:
 - FC-GL-EHS-SAF-003 - Hazard Analysis
 - FC-GL-EHS-SAF-003N - Safety Task Assessment
 - FC-GL-EHS-SAF-012 - Safety Risk Assessment
 - FC-GL-EHS-SAF-013 - High Risk Operations
- Completely re-written – more consolidated approach to connecting EHS risk processes to service execution tasks
- Developed to provide insight, based on risk, to prioritize strategic imperatives for the FieldCore business

Key Tools

- FC-GL-EHS-MAN-0501-F1: Risk Register
- FC-GL-EHS-MAN-0501-F4: Task Risk Assessment
- FC-GL-EHS-MAN-0501-F5: Point of Work Risk Assessment (POWRA)

Further Work / Support

- Complete regional risk registers and update Global Risk Register with relevant outputs.
- Adopt and transition to FieldCore POWRA process
- Create TRA development schedule and database to direct phased implementation of FieldCore TRA process

Phased Implementation by:

- Risk Register – Q4 2018
- POWRA – Q1 2019
- In line with TRA development schedule
