

EHS Procedure QuickCard

FC-GL-EHS-HEA-0807: Control of Heavy Metals

Key Changes

- New procedure; covers general control strategy for all heavy metal elements
- Replaces and supersedes: FC-GL-EHS-SAF-015C Lead Program and FC-GL-EHS-SAF-015D Hexavalent Chromium Management

Key Tools

- Appendix A: Activities with Potential Exposure to Heavy Metals
- Appendix B: Required Methodology for Heavy Metal Contamination Housekeeping

Further Work / Support

- Operational Teams:
 - Communicate Requirements
 - Identify potential Heavy Metal Hazards
 - Develop Safe Systems of Work
 - Train Workers
