Priorities

CULTURE

- My Glint scores are at the highest levels. The average score for all 21 categories for My scores vs Company scores is 8 points higher.
- My consistent coaching, guiding and mentoring of my instructors greatly enhances their improvement and development.

Goal

Model the GE Vernova Way while strengthening engagement, coaching discipline, and leadership maturity across OFS Training.

KPIs

- Glint improvement:
 - Engagement +2 pts
 - Communication Flow +2 pts
 - Continuous Improvement +2 pts
- Each PLL participates in minimum 2 documented EHS/Quality Gemba walks per quarter.
- 100% instructors receive documented mid-year and year-end development conversations.
- ERG participation discussion included in annual development conversations.

Successful

- Glint targets achieved.
- Coaching cadence consistent across product lines.
- Gemba discipline embedded.

Exceptional

- Training recognized as a benchmark organization for engagement within OFS.
- Coaching maturity improves retention and bench strength.
- Culture strengthens execution across the organization.

DELIVERY

- A highlight to support Delivery was the months long recruiting, that lead to hiring, of Lead Instructors to enable coverage of the Generator and Steam Turbine Repairs training demand.
- I have met all the parameters of Successful and Exceptional pillars.

Goal

Deliver training commitments predictably in support of Field Services outage performance and enterprise execution goals.

KPIs

- ≥94% planned class fulfillment (excluding customer cancellations).
- 100% class readiness confirmed prior to start.
- ≥92% timecard submission on time.
- Delivery-related Action Plan items ≥90% closed on or ahead of schedule.

Workforce Readiness Cohort Execution (2026)

- Summer 2026 cohort executed as planned.
- Fall 2026 cohort executed as planned.
- 100% participants meet defined entry and compliance requirements.
- Post-cohort review completed within 30 days of each cohort.
- Documented lessons learned and defined improvements for next cycle.

Health Indicator (Reviewed Monthly at MOR)

- % of fully qualified instructors above 75% utilization for three consecutive months.
 - Used to drive staffing and cross-training decisions.
 - Not a performance KPI.

Successful

- Classes execute without preventable disruption.
- Delivery risks surfaced early.
- Cohorts executed safely and compliantly.

Exceptional

- Delivery absorbs demand shifts without instability.
- Forecasts trusted by Field Services.
- Workforce cohorts strengthen brand credibility and execution discipline.

I have met the following COST Priorities:

- All KPI's
- Budget performance within plan.
- Reduced financial surprises.
- Margin variance understood and controlled
- Predictable cost execution quarter over quarter.
- Reduced premium spend without impacting delivery.
- Training cost discipline supports enterprise margin performance.

Highlight Example:

A very significant example of this Priority is the tens of thousands of dollars (with over 250K to be realized in ROY 2026) in cash savings to the OFS organization by utilizing consumables donated from NAM outages that have been/continue to be leveraged in for the Generator Repairs Training.

Goal

Execute training delivery within approved financial plan while reducing avoidable cost volatility and supporting OFS margin discipline.

KPIs

- Training Op Plan delivered within approved annual budget.
- Monthly actuals reviewed and reconciled within 30 days of close.
- Reduction in premium travel and expedite costs versus 2025 baseline.
- 100% accurate and ≥92% on-time time and expense submission.
- Standardized cost build-up and margin review process implemented and used monthly.

Successful

- Budget performance within plan.
- Reduced financial surprises.
- Margin variance understood and controlled.

Exceptional

- Predictable cost execution quarter over quarter.
- Reduced premium spend without impacting delivery.
- Training cost discipline supports enterprise margin performance.

QUALITY & CAPABILITY

- My NPS scores are at very high level consistently- the average NPS score for all my classes YTD for 2026 is 9.2.
- I have met all the parameters of Successful and Exceptional pillars.
- One highlight has been cross training of multiple individuals to meet the high Craft HA Combustion Training Demand.
- Another highlight has been the engagement and development of the top NAM Field Craft Supervisors as borrowed instructors to support enterprise growth without reactive hiring.

Goal

Build and maintain a qualified, scalable instructor bench that enables reliable delivery and supports Live Outage, HA expansion, and Advanced Controls initiatives.

KPIs

- Customer Training NPS ≥83.
- Internal training final assessment scores ≥70%.
- Instructor audit coverage 100% annually (exceptions documented).
- Instructor audit pass rate ≥95%.
- 100% instructors assigned to class qualified in Kahuna or formally approved by exception.
- Kahuna qualification data 100% current.
- Cross-training plans executed ≥90% on schedule.

Successful

- No delivery disruption due to qualification gaps.
- Audit coverage complete.
- NPS and internal assessment targets met.

Exceptional

- Reduced single-point-of-failure roles.
- Cross-trained bench depth actively deployed.
- Capability planning supports enterprise growth without reactive hiring.

SAFETY

I have been successful in this Priority.

Goal

Achieve enterprise-level safety performance and maintain a training environment where safety is never traded for schedule or cost.

KPIs

- Zero A/B events.
- I&I at or below prior year baseline.
- Life Saving Rules Effectiveness Check $\geq 90\%$.
- 100% required EHS training completed prior to lab access.
- 100% SWAT completion for required hands-on activities.
- 100% PSE and read-across actions closed within 30 days.

Successful

- All KPIs met.
- No preventable safety escalations.
- Safety risks identified and resolved locally.

Exceptional

- LSR effectiveness trending above 92%.
- Proactive hazard mitigation before audit triggers.
- Training sites referenced positively in enterprise safety reviews.

I would like to highlight the following Competencies:

- INNOVATION/CUSTOMER- I am always looking to stay current and ensure that training content and materials are improving and evolving to add the most customer value to students that go back into the field after leaving training. Two examples of this are procuring new training equipment -Round Packing (Generator Repairs) and Diaphragm (Steam Turbine Repairs) mock ups.

- ONE TEAM- I consistently break boundaries and cross borders to win as One Team.
 - Consistent response and contribution to initiatives with the Quality Team (One example is the Hand and Finger Injury Prevention Kaizen actions/ development plan)
 - Leaping into action to assist with an Engineering Recruitment initiative that was looking for parts to optimize their effort at Vanderbilt University.
 - Meeting frequently with team members in the evening (In all Regions) to ensure we are aligned with needs and expectations (Coaching my instructors, Strategizing with Regions on priorities, develop needs, etc.)
